Submission of Bids	11.1 Bidders shall submit their bids either by e mail digital (soft copy) to Secured E-mail address below. itproctend@srilankan.com either to Secure Email Box or printed (hard copy/original) by courier in a sealed envelope shall bear the specific identification number and name. The total size of each e-mail (including all attachments) shall not exceed 35 MB in order to avoid delivery failure, rejection, or bouncing of e-mails by the mail server. Where the submission exceeds the permitted size, bidders are advised to split their submission into multiple e-mails, ensuring that each e-mail is clearly labelled and numbered in sequence for ease of identification and collation. 11.2 The bidder shall submit the proposals in the price schedule forms attached at Annexure B. 11.3 The e mail comprising the bid shall bear the specific identification of this quotation exercise as indicated follows. “Invitation for the tender for the provision of a Corporate Perimeter Firewall Solution for Srilankan Airlines, including Maintenance and Support For a period of five (5) years - CPIT/ICB/06/26” ”. 11.5. The bidder shall submit their quotations only to the following secure E-mail address itproctend@srilankan.com; bearing the specific identification of the contract number & item description as the subject of the e mail along with the bidder’s company name. Upon successful submission of bid, vendor will receive an auto-generated acknowledgement E-mail certifying the proper delivery of the bid. If the acknowledgement E-mail is not received, please contact the purchaser. The Technical proposal(unpriced) should contain: • The Technical proposal (un-priced) along with all related technical brochures & supporting documents. The Financial proposal should contain: • The Financial proposal (priced) based on Price Schedule Form at Annex B. • Bid Submission form (Section IV) • Bid Securing Declaration (Annexure C) • Performance Security Form (Annexure D) • Vendor Information form (Annexure H) • Non-Collusive Affidavit (Annexure K)
-----------------------------------	--

12. Deadline for Submission of Bids	12.1 Bids must be received by the Purchaser to the address set out in Section II, "Data Sheet", and no later than the date and time as specified in the Data Sheet.
13. Late Bids	13.1 The Purchaser shall reject any bids that arrive after the deadline for submission of bids in accordance with ITS Clause 11.1 above.
14. Opening of Bids	14.1 The Purchaser shall conduct the opening of quotation in the Presence of the Suppliers at the address, date and time specified in the Data Sheet. 14.2 Presence of the supplier will not necessarily ensure the selection of the proposed goods.
E: Evaluation and Comparison of Bids	
15. Non conformity-ties, Errors, and Omission	15.1 Provided that a Bid is substantially responsive, SriLankan Airlines may waive any non-conformities or omission in the Bid that do not constitute a material deviation. 15.2 Provided that a bid is substantially responsive, SriLankan Airlines may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non-conformities of omissions in the bid related to documentation requirements. Such an omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid. 15.3 Provided that the Bid is substantially responsive, SriLankan Airlines shall correct arithmetical errors on the following basis: (a) If there is discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of SriLankan Airlines there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit shall be corrected. (b) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and (c) If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above. 15.4 If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid-Securing Declaration shall be executed.

16. Clarifications	16.1 To assist in the examination, evaluation and comparison of the bids, the Purchaser may, at its discretion, ask any Bidder for a clarification of its bids. Any clarification submitted by a Bidder in respect to its bid which is not in response to a request by the Purchaser shall not be considered. 16.2 The Purchaser's request for clarification and the response shall be in writing at SriLankan Airlines' address specified in the BDS.
17. Responsiveness of Bids	17.1 The Purchaser will determine the responsiveness of the bids to the documents based on the contents of the bids received. 17.2 If a bid is evaluated as not substantially responsive to the documents issued, it may be rejected by the Purchaser.

18.Evaluation and Comparison of bids	18.1 The following factors & methodology will be used for evaluation. Please provide the required information in your proposal covering the below minimum eligibility criteria and evaluation criteria with clear reference (Document/Page /Section). <u>Minimum Eligibility Criteria</u> 1. The Bidder shall be an authorized partner of the proposed firewall OEM and shall submit a valid Manufacturer's Authorization Letter (MAL) issued by the manufacturer together with the bid submission. 2. The Bidder shall have a minimum of five (5) years of experience in providing information security infrastructure solutions and services. Documentary evidence supporting the experience shall be submitted along with the proposal. 3. The Bidder shall have successfully completed at least three (3) enterprise-grade Next Generation Firewall (NGFW) implementations of similar scale and complexity within the last five (5) years. Relevant customer reference details and project information shall be provided. 4. The Bidder shall demonstrate adequate financial and economic capacity by submitting audited financial statements for the preceding three (3) financial years. <u>Evaluation Criteria</u> <u>Technical Evaluation</u> 1. The Bidder's proposal shall be evaluated based on point-by-point compliance with the general, technical, and functional requirements specified in this RFP Document. The Bidder shall clearly indicate any limitations, exclusions, assumptions, and/or deviations from the stated requirements. 2. The Bidder shall demonstrate proven expertise in managing and supporting enterprise network, cybersecurity, and infrastructure technologies, including but not limited to Next Generation Firewalls (NGFW), VPN, IPS, SIEM, IAM, cloud security, SD-WAN and other related security and network infrastructure solutions. Relevant experience and supporting documentation shall be provided. 3. The Bidder shall commit to completing the implementation within a maximum lead time of eight (8) weeks from the date of award or issuance of the Purchase Order. 4. The Bidder shall maintain adequately qualified and certified technical personnel with relevant industry-recognized professional certifications relevant to the proposed solution. 5. The Bidder shall conduct a detailed presentation of the solution covering all requirements specified in the RFP, including architecture, functionality, security capabilities, implementation methodology, support model, and compliance requirements. Note - SriLankan Airlines shall consider all bids which are compliant with the minimum eligibility criteria for Technical & Financial evaluation. The Technical evaluation will be based on the above Evaluation criteria and all Bidders who are complaint to the Evaluation criteria will be considered for the financial evaluation stage. The award shall be made to the lowest substantially responsive Bidder for 02 years.
--------------------------------------	--

19. Training and	The successful Vendor should provide all Training related to operating the System on Free of Charge basis.
20. Financial Capability	20.1 The bidder shall furnish documentary evidence that it meets the following financial requirements (s): Audited financial statements for the last 03 years
21. Purchaser's Right to Accept any Bids, and to Reject any or all Bids.	21.1 The Purchaser reserves the right to accept or reject any bids, and to annul the process and reject all bids at any time prior to acceptance, without thereby incurring any liability to bidders.
F: Award of Contract	
22. Acceptance of the Bids	22.1 The Purchaser will accept the bids of the Bidder whose offer is not necessarily the lowest evaluated bid and is substantially responsive to the documents issued.
23. Notification of acceptance	23.1 The Purchaser will notify the successful Bidder, in writing, that its bids has been accepted. 23.2 Within twenty-one (21) days after notification, the purchase shall complete the contract, and inform the successful bidder to sign it. 23.3 Within twenty-one (21) days of receipt of such information, the successful bidder shall sign the contract. 23.4 The contract is extendable for a further 01 year period based on mutual agreement under the same terms & conditions and supplier performance.
24. Performance Security	24.1 Within fourteen (14) days of the receipt of notification of award from SriLankan Airlines, the successful Bidder, shall furnish the Performance Security amounting to a minimum amount of 5% of the agreement. SriLankan Airlines reserves the rights to request a higher valued Performance Security Form is included in Annex D. 24.2 Failure of the successful Bidder to submit the above-mentioned Performance Security when requested or signing the Contract may continue sufficient grounds for the annulment of the award and execution of the Bid- Securing Declaration. In that event, SriLankan Airlines may award the Contract to the next lowest evaluated Bidder, whose offer is substantially responsive and is determined by SriLankan Airlines to be qualified to perform the Contract satisfactorily.

Invitation of Bids for Tender for Invitation for the tender for the provision of a Corporate Perimeter Firewall Solution for Srilankan Airlines, including Maintenance and Support For a period of five (5) years

Contract No: CPIT/ICB/06/2026

1. General Requirements

1.1 The solution shall be “off-the-shelf”, meaning that it is commercially available, requires no further research or development, and forms part of an existing product line with a field-proven operational history. If any part of the solution is a fully compatible extension of a field-proven product line, it shall have been publicly announced on or before the date that the proposal is submitted.

1.2 The Bidder shall provide the solution document including detailed network connectivity diagrams, architecture diagrams, implementation details, and related technical documentation.

1.3 The NGFW solution shall support high availability deployment with stateful session synchronization and automatic failover without manual intervention.

1.4 The Bidder shall provide a complete Bill of Materials (BoM), including the make, model, part number, license/subscription details, quantity, and description of all proposed solution components. All components required to meet mandatory requirements shall be included in the BoM and shall not be treated as optional.

1.5 The proposed solution may be offered either as a dedicated security appliance or as a software-based firewall solution deployed on OEM/principal-certified industry-standard server hardware. In either case, the complete solution shall use a hardened and secure operating system optimized for firewall operations and shall be fully certified, supported, and warranted by the OEM/principal for the intended deployment model. The Bidder shall provide all required hardware, software, licenses, subscriptions, warranties, support, and maintenance for the complete solution.

1.6 The solution shall support configurable traffic log retention for a minimum period of one hundred and eighty (180) days and shall include the capability to analyze logs through an integrated or compatible reporting and analytics platform.

1.7 The solution shall support secure log forwarding to commercial Security Information and Event Management (SIEM) solutions using standard supported mechanisms such as Syslog, Syslog over TLS, API-based integration, or equivalent secure methods.

1.8 The proposed solution shall be supplied by an OEM that has been recognized as a leader or equivalent category in the latest publications of independent industry analyst evaluations such as Gartner, Forrester, IDC, or equivalent reports.

1.9 The NGFW solution shall provide separation between the control plane for management functions and the data plane for traffic forwarding and security processing.

1.10 The solution shall align with industry security best practices and relevant standards such as ISO 27001 and NIST where applicable.

1.11 All required software features shall be fully licensed without additional per-user, per-IP, per-host, or throughput-based license restrictions that would prevent the proposed solution from meeting the mandatory performance and functional requirements specified in this document.

1.12 The Bidder shall have a local operational presence and a minimum of two (2) OEM-professional level certified technical engineers available locally to provide implementation and post-deployment support for the proposed solution.

2. Hardware Requirements

2.1 The proposed hardware, whether provided as a dedicated security appliance or as OEM/principal-certified industry-standard server hardware for a software-based firewall deployment, shall meet the following minimum interface and module requirements.

2.1.1 The proposed deployment shall support connectivity for a minimum of fifteen (15) separate network segments from day one. For dedicated security appliance-based deployments, these network segments may be connected using dedicated physical interfaces, RJ-45 copper interfaces, SFP/SFP+ transceivers, fibre interfaces, VLAN subinterfaces, port-channel/LACP, or other OEM/principal-supported interface mechanisms, provided that logical separation, security policy enforcement, routing, monitoring, and reporting can be applied independently per segment. For software-based firewall deployments on OEM/principal-certified industry-standard server hardware, the proposed server hardware shall include a minimum of fifteen (15) physical network interfaces/NIC ports from day one. The Bidder shall provide all required interfaces, transceivers, interface cards, NICs, cables, licenses, or other OEM/principal-supported components required to meet this requirement from day one.

2.1.2 The proposed deployment shall provide sufficient fibre and/or SFP/SFP+ connectivity, including at least two (2) 10G SFP/SFP+ interfaces or transceivers from day one, to meet SLAL's uplink, interconnection, or high-bandwidth connectivity requirements.

The Bidder shall provide unit pricing for additional applicable SFP/SFP+ modules, with SriLankan Airlines (SLAL) reserving the right to determine the quantity to be procured as and when required.

2.1.3 Management and High Availability: The proposed deployment shall provide logical or physical separation for management, high availability, synchronization, and data traffic interfaces using dedicated physical interfaces, virtual interfaces, VLANs, or equivalent OEM/principal-supported mechanisms.

2.1.4 Other Interfaces: The proposed hardware shall provide USB ports or an equivalent secure local maintenance capability for firmware, logs, backup, and troubleshooting, where supported by the proposed hardware platform.

2.1.5 All interfaces, modules, transceivers, and licenses required to meet the above specifications shall be provisioned from day one.

2.1.6 The proposed hardware shall be supplied with two (2) redundant power supply units as a standard configuration from initial deployment. The power supply units shall be hot-swappable, where supported by the proposed hardware platform, allowing replacement without interruption to hardware operation.

2.2 The proposed hardware shall support rack mounting and shall include all necessary rack-mounting hardware.

2.3 The proposed hardware, whether supplied as a dedicated security appliance or as OEM/principal-certified industry-standard server hardware for a software-based firewall deployment, shall be suitable for enterprise data centre installation and shall meet acceptable physical infrastructure requirements, including rack-mount suitability, power redundancy, heat dissipation, acoustic noise levels, and operational reliability for continuous north-south perimeter firewall deployment.

3. Performance Requirements

3.1 The solution shall support complete NGFW capabilities from the initial deployment, and the agreement term shall start with the User Acceptance Testing (UAT) acceptance date.

3.2 The solution shall provide a minimum firewall throughput of 5 Gbps per deployment unit. For the purpose of this requirement, a deployment unit shall mean either a dedicated security appliance or a software-based firewall instance deployed on OEM/principal-certified industry-standard server hardware. The solution shall be scalable to meet future bandwidth growth.

3.3 The solution shall support an Intrusion Prevention System (IPS) throughput of a minimum of 5 Gbps per deployment unit, applicable to both dedicated appliance deployments and software-based firewall deployments on OEM/principal-certified industry-standard server hardware.

3.4 The solution shall support SSL/TLS inspection and shall support TLS v1.2 and TLS v1.3. The Bidder shall clearly state the SSL/TLS inspection throughput achievable for the proposed

deployment unit, applicable to both dedicated appliance deployments and software-based firewall deployments on OEM/principal-certified industry-standard server hardware.

3.5 The above mandatory throughput values shall be supported under enterprise traffic conditions for the proposed deployment model, whether dedicated appliance or software-based firewall on OEM/principal-certified server hardware, with the relevant subscribed and enabled security features operating simultaneously, including but not limited to firewalling, IPS, application control, antivirus/anti-malware, and URL filtering, as applicable. SSL/TLS inspection throughput shall be disclosed by the Bidder for evaluation but shall not be treated as a mandatory minimum of 5 Gbps unless explicitly stated elsewhere in this document.

3.6 The solution shall have the capability to accommodate a minimum annual growth of twelve percent (12%) in user sessions without degradation of performance or service availability.

4. Firewall Features

4.1 The solution shall provide comprehensive Network Address Translation (NAT) functionality, including source NAT, destination NAT, Port Address Translation (PAT), and policy-based NAT for both IPv4 and IPv6, where applicable.

4.2 The solution shall support user-group-based authentication, identity-based firewalling, and scheduling.

4.3 The solution shall provide Layer 7 application-aware NGFW capabilities.

4.4 The solution shall allow the creation and enforcement of security policies based on Layer 7 parameters, including Application, User, and File Type, in addition to traditional IP and port-based criteria.

4.5 The solution shall support X-Forwarded-For (XFF) header inspection and policy enforcement capabilities where applicable.

4.6 The solution shall support user identification by integrating with Active Directory, NAC, and other identity management solutions.

4.7 The solution shall support dynamic or automatically updated Internet service and application object definitions for use in security policies.

4.8 The solution shall support dynamic and automated security policy enforcement, with the ability to update policies based on threat intelligence inputs, changes in virtualized environments, and the detection of unauthorized or non-compliant devices.

4.9 The solution shall support FQDN-based or dynamically resolved destination objects for security policy, routing, forwarding, policy-based routing (PBR), policy-based forwarding (PBF), SD-WAN, or equivalent traffic steering use cases, where natively supported by the proposed solution. Where such capability is not natively supported for any of the above use cases, the Bidder shall clearly disclose the limitation and propose an equivalent method as part of the overall solution. Any

additional OEM, principal, or third-party components required for such equivalent method shall be clearly identified in the proposal and included in the total solution cost, support scope, maintenance responsibility, and service level commitments.

4.10 The solution shall maintain configuration version history and allow rollback to a previous stable configuration.

4.11 The solution shall support scheduled and on-demand configuration backup and secure restore mechanisms.

4.12 The proposed solution shall support advanced threat detection and analysis capabilities using AI/ML-based, behaviour-based, heuristic, sandboxing, signature-based, cloud-based threat intelligence, or equivalent techniques, to identify, detect, and report known and emerging security threats, anomalous activities, and suspicious network behaviour.

4.13 The solution shall support synchronization with external NTP servers for accurate event logging and reporting.

4.14 The solution shall support comprehensive routing and traffic forwarding capabilities, including static routing, policy-based routing (PBR), and dynamic routing protocols such as RIP, OSPF, and BGP for both IPv4 and IPv6, as applicable. The solution shall also support multicast routing where required for the proposed deployment.

4.15 The solution shall support traffic monitoring and export using standard mechanisms such as SNMP, Syslog, NetFlow, IPFIX, API-based integration, or equivalent supported methods.

4.16 The solution shall support policy definition based on Fully Qualified Domain Names (FQDNs), including wildcard domains (e.g., *.googleapis.com).

4.17 The solution shall support integration with external threat intelligence or cloud service metadata feeds to improve the accuracy of application identification and security policy enforcement.

4.18 The solution shall support per-rule Quality of Service (QoS) policies, allowing traffic prioritization based on source and destination addresses, applications (e.g., WhatsApp, BitTorrent, YouTube), static or dynamic application groups (e.g., Instant Messaging, P2P), and ports or services.

4.19 The solution shall support user authentication (local and remote) and integration with external authentication services such as RADIUS, LDAP, TACACS+, and Microsoft Active Directory for both users and administrators.

4.20 The solution shall support multi-factor authentication (MFA) for firewall administrators using PKI/digital certificates, RADIUS, SAML, identity provider integration, or equivalent secure methods.

4.21 The solution shall support secure Web UI management over HTTPS and CLI management over SSH and/or console access. Insecure management protocols shall be disabled or restricted

in production environments, and remote access shall be configurable to specific interfaces and IP addresses/subnets.

4.22 The solution shall support role-based administration with simultaneous login for multiple administrators and allow customizable administrative dashboards and monitoring views.

4.23 The solution shall provide traffic shaping capabilities, including the ability to define guaranteed and maximum bandwidth.

4.24 The solution shall support packet capture and traffic sniffing functionality to capture and analyze individual data packets traversing the firewall, and to facilitate debugging and troubleshooting activities.

4.25 The solution shall include automation capabilities to perform predefined actions based on configured triggers.

4.26 The automation functionality shall be able to initiate actions based on specific log events, high CPU/memory utilization, license expiry, detection of compromised hosts, and HA failover events.

4.27 The solution shall support automated response and remediation capabilities, either natively or through integrated components, to perform predefined and administrator-approved actions based on configured security, operational, or system events. Such actions may include alerting, notification, policy update, object update, quarantine, session termination, or other containment actions, subject to role-based access control, audit logging, and configurable approval controls where applicable.

4.28 The solution shall support integrated SD-WAN or equivalent WAN path selection and traffic steering capabilities. Any licenses, subscriptions, modules, or components required to enable and operate such capabilities shall be included as part of the proposed solution.

4.29 The solution shall include integrated Intrusion Prevention System (IPS) and Web/Application Control capabilities within the proposed deployment unit, whether implemented as a dedicated security appliance or as a software-based firewall deployment on OEM/principal-certified server hardware, without reliance on separate external security devices for the core IPS and Web/Application Control functions.

4.30 The integrated IPS shall be capable of detecting and mitigating network-layer, application-layer, and DNS-based threats, including but not limited to denial-of-service attacks, buffer overflow exploits, malware delivery mechanisms, and command-and-control (C2) communications.

4.31 The solution shall include integrated botnet and command-and-control (C2) protection capabilities capable of detecting and preventing botnet communications, C2 traffic, compromised hosts, malicious callbacks, and automated malicious activities.

4.32 The solution shall support application-aware traffic inspection and control regardless of port, protocol, or encryption method.

4.33 The solution shall provide integrated web content and URL filtering for HTTP and HTTPS traffic, including category-based policy enforcement, user- or group-based access control, and deep packet inspection where enabled and applicable.

4.34 The proposed NGFW solution shall provide secure and fully documented RESTful API access for integration, automation, reporting, monitoring, and retrieval of firewall operational, security, configuration, and log-related information. Any licenses, subscriptions, modules, or OEM/principal-supported components required to enable such API access shall be clearly disclosed in the proposal and included in the total solution cost, support scope, maintenance responsibility, and service level commitments.

4.35 The solution shall include DNS security and filtering capabilities, either natively or through integrated components, to detect and block DNS-based spoofing attempts and access to known malicious, phishing, and botnet-related domains. Any additional OEM, principal, cloud-based, or third-party components or services required to enable such DNS security capabilities shall be clearly disclosed in the proposal and included in the total solution cost, support scope, maintenance responsibility, and service level commitments.

4.36 The solution shall support anti-spoofing capabilities to detect and prevent IP address spoofing and other source address forgery attacks.

5. Reporting Features

5.1 The solution shall provide a secure (SSL/TLS), centralized web-based reporting and analytics portal, accessible via standard browsers without client-side software.

5.2 The solution shall support on-demand and historical report generation for the required retention period, including near real-time reporting from retained firewall logs, and provide role-based access control (RBAC) for reporting, with read-only and administrative roles.

5.3 The solution shall provide bandwidth usage reports in graphical formats, including visibility by source IP, destination IP, user/user group where identity integration is enabled, application, interface/zone, and WAN links for multiple ISPs.

5.4 The solution shall provide URL and domain usage reports, including individual URLs, domains, and URL categories such as social media, streaming, business, risky, or equivalent URL categories, with support for reporting on allowed and blocked URLs.

5.5 The solution shall provide application-level reporting, including bandwidth usage and session counts for applications such as web browsing, video streaming, collaboration tools, and remote access applications, with filtering by user, IP address, application, category, and policy rule.

5.6 The solution shall provide security event and threat reports, including IPS events, malware and virus detections, command-and-control (C2) communications, and DNS and URL-based threats where applicable.

5.7 The solution shall provide trend analysis of security incidents over time, identify top attack sources and destinations with geographical visualization where available, and include blocked versus allowed traffic reports to verify security policy enforcement.

6. Warranty, Support and Subscriptions

6.1 The solution shall include OEM-authorized 24x7 Technical Assistance Center (TAC) support, warranty, software updates, security updates, and subscription services for a period of five (5) years from the User Acceptance Testing (UAT) acceptance date. The Bidder shall submit the OEM/principal certification and authorization letter together with the proposal.

6.2 The Bidder shall provide SriLankan Airlines (SLAL) with access to the OEM support portal for monitoring, tracking, and escalation of support tickets.

6.3 The subscription services shall include, at a minimum, IPS, antivirus/anti-malware protection, application control, web/URL filtering, DNS filtering, and all other security services required to meet the functional and performance requirements specified in this document.

6.4 The solution shall include all required OEM security subscription licenses, software licenses, and support entitlements valid for a period of five (5) years from the User Acceptance Testing (UAT) acceptance date. Any hardware supplied as part of the solution, whether dedicated security appliance hardware or OEM/principal-certified server hardware for a software-based firewall deployment, shall remain under the ownership of SriLankan Airlines (SLAL).

6.5 The Bidder shall provide, at no additional cost, OEM-authorized product training for a minimum of two (2) SriLankan Airlines (SLAL) technical staff members per annum, covering installation, configuration, operation, and troubleshooting of the proposed solution. The training schedule shall be submitted together with the proposal.

7. Service Levels and Support Requirements

7.1 The solution shall deliver a minimum service availability of 99.95% per calendar month, excluding scheduled maintenance.

7.2 The Bidder shall assign and maintain a minimum of two (2) qualified and certified technical support personnel for the proposed solution throughout the entire agreement period. Such personnel shall be available to handle support, troubleshooting, escalation, and coordination activities required to meet the agreed service levels.

7.3 The Bidder shall conduct quarterly service review meetings with SriLankan Airlines (SLAL).

7.4 Service impact shall be classified into three severity levels based on business and operational impact, as determined by SLAL at the time of reporting, as follows:

Severity	Description
Severity 1	Complete solution failure or security service failure with no workaround
Severity 2	Partial service degradation with an available workaround
Severity 3	Minor issue with no significant service impact. A single hardware or component failure in a redundant deployment may be classified as Severity 2 or Severity 3 depending on service impact and remaining redundancy.

7.5 The Bidder shall meet the following response and resolution targets:

Severity	Support Window	Response Time	Resolution Time
Severity 1	24x7	15 Minutes	2 Hours
Severity 2	24x7	30 Minutes	4 Hours
Severity 3	24x7	1 Hour	8 Hours
Change / Service Requests	Business Hours	8 Hours	Next business day or agreed timeframe

7.6 Failure to achieve the above service levels shall result in the application of the following minimum service credits, subject to the terms and conditions of the final agreement:

Severity	Service Credit
Severity 1	USD 50 per hour (or part thereof)
Severity 2	USD 30 per hour (or part thereof)
Severity 3	USD 10 per hour (or part thereof)

7.7 Repeated failure of the same hardware, deployment unit, or critical component more than twice within a calendar month shall attract an additional service credit of USD 250 per incident, subject to the terms and conditions of the final agreement.

7.8 The Bidder shall proactively notify the customer of security patches, bug fixes, feature upgrades, and major software releases. Required upgrades and security patches shall be implemented at no additional cost during the support period, unless explicitly stated otherwise in the commercial proposal.

7.9 The Bidder shall conduct on-site or remote firewall quarterly health checks, covering performance and throughput utilization, capacity and session usage, security posture and threat visibility, and configuration and policy best practices. A written technical report shall be submitted after each health check.

7.10 The Bidder shall conduct periodic firewall rule reviews and provide recommendations for removal, optimization, consolidation, and security enhancement of unused, redundant, expired, or risky firewall policies in accordance with security best practices.

7.11 The Bidder shall provide an incident and ticket management portal for logging, tracking, escalation, and reporting, and shall provide a technical escalation matrix with 24x7 contact details for both the Bidder and the OEM.

7.12 The solution OEM shall operate a 24×7×365 global Technical Assistance Center (TAC) with telephone and email support services for technical assistance, incident management, troubleshooting, and escalation support throughout the agreement period.

7.13 Prior to commencement of services, the Bidder shall execute a Maintenance and Support Agreement and a Non-Disclosure Agreement (NDA) covering all technical, operational, and commercial information.

7.14 The agreement shall be valid for a period of five (5) years, commencing from the User Acceptance Testing (UAT) acceptance date.

7.15 The Bidder shall provide written confirmation that all proposed firewall hardware, software, and licenses are not End-of-Sale (EoS) or End-of-Support (EoL) at the time of delivery, and that the NGFW solution shall be supported by the OEM for a minimum of five (5) years from the agreement commencement date. The Bidder shall provide the necessary evidence together with the proposal.

- 1.1.7 Invoice SriLankan Airlines for the Service/solution at the rates and in the manner specified and described herein (particularly as set out in Clause 3 and Schedule C).
- 1.1.8 Not assign, transfer or sublet its rights or obligations under this Agreement without the prior written approval of SriLankan Airlines. Provided that the Contractor shall not be relieved of responsibility under this Agreement for such portion of its obligations as are assigned, transferred or sublet.
- 1.1.9 Not at any time, during or after the term of this Agreement, divulge or allow to be divulged to any person any confidential information relating to the business and operations of SriLankan Airlines unless duly authorized in writing by SriLankan Airlines or required under any law.
- 1.1.10 Pay liquidated damages as stipulated in Schedule C if the Contractor fails to deliver the Service/solution on time or SriLankan Airlines rejects the Service/solution pursuant to Clause 2.6 hereof.
- 1.1.11 Subject to the terms and conditions of this Agreement, the Service/solution shall be delivered on CFR-CMB (INCOTERMS latest version) and the rights and obligations of the Parties and the transfer of risk and title shall be governed in terms of CFR-CMB (INCOTERMS latest version).
- 1.1.12 Arrange pre delivery inspection at manufacturing plant once the Service/solution are completely manufactured for minimum 2 personnel of SriLankan Airlines at contractors cost (expect air fare of SriLankan Airlines destinations) at the manufacturing location.
- 1.1.13 Provide all required and relevant testing facilities for pre delivery inspection for SriLankan Airlines personnel.
- 1.1.14 Make available all the required manuals specified under technical/general specifications should be available in English Language at pre delivery inspection.
- 1.2 In the event any of the Service/solution supplied or delivered pursuant to this Agreement are rejected by SriLankan Airlines, the Contractor shall take immediate steps, and not later than 15 working days from the rejected date to either replace the rejected Service/solution or make alternations necessary to meet the specifications, free of any costs to SriLankan Airlines.

- 1.3 In the event of any item of the Service/solution being damaged at any stage prior to the handing over of the Service/solution to nominated freight forwarder at the port of dispatch or if any item of the Service/solution are lost during transit from the Contractor's warehouse to the locations as set forth under Schedule B or if any item of the Service/solution are wrongly supplied, the Contractor shall replace the said damaged, lost or wrongfully supplied item of Service/solution with new ones and shall ensure that supply and delivery of same is affected speedily and no later than Four (04) weeks from the date of notification by SriLankan Airlines ("Replacement") at its own cost. SriLankan Airlines shall not be liable for any damage or deterioration caused or occurring to the wrongly supplied items under Clause 1.3 while in the custody of SriLankan Airlines. In the event the Contractor fails to provide any of the item of Service/solution within a reasonable period of time, SriLankan Airlines shall be at liberty to purchase such items of Service/solution from another source and the Contractor shall reimburse SriLankan Airlines' for any cost incurred in respect of same.
- 1.4 The contractor shall arrange commissioning of the Service/solution and training for relevant SriLankan Airlines staff once the Service/solution are received to SriLankan Airlines stores through a qualified representative engineer of the manufacturing company. All applicable expenses of commissioning and training must be borne by the contractor.
- 1.5 The contractor shall provide a comprehensive unconditional warranty of ... years from the date mentioned in the Commissioning and Acceptance Form in Annex for manufacturing defects of the Service/solution except ware and tare.
- 1.6 The contractor shall guarantee the spare parts availability of the purchased Service/solution for minimum 10 years irrespective of the validity period of this agreement.
- 1.7 The contractor shall handover all items/Service/solution specified in Schedule A without any cost to SriLankan Airlines.

2. RIGHTS AND OBLIGATIONS OF SRILANKAN AIRLINES:

- 2.1 SriLankan Airlines shall pay the Contractor for Service/solution provided at the rates and in the manner specified and described herein (particularly in Clause 3 and Schedule C hereto). For the avoidance of doubt, the adjustment/variation of the quantity of Service/solution provided under this Agreement shall still be provided by the Contractor in accordance to the same rates as specified under Schedule
- 2.2 SriLankan Airlines shall have the right to charge liquidated damages against the Contractors provided in Schedule C where the Contractor fails to deliver the Service/solution as required under this Agreement or any non-compliance or breach by the Contractor of any of its obligations under this Agreement.
- 2.3 Notwithstanding anything contained in this Agreement, SriLankan Airlines may at any time hire, purchase and/ or engage any other person(s)/contractor(s) to purchase Service/solution which are similar to the Service/solution contemplated in this Agreement and/or which SriLankan Airlines may deem in its opinion as specialized in nature.
- 2.4 Have the right to inspect and reject the Service/solution (or any part thereof) provided under this Agreement if in its opinion it decides that such Service/solution (or any part thereof) fail to meet the specifications required by SriLankan Airlines under this Agreement or is not of merchantable quality and unfit for the purposes intended. SriLankan Airlines right to inspect and where necessary, reject the Service/solution (or part thereof) after the Service/solution ' arrival or issuance of the Delivery Note shall in no way be limited or waived by reason of the Service/solution having previously been inspected and passed by SriLankan Airlines or its representative prior to the Service/solution delivery.
- 2.5 When the Service/solution are received to SriLankan Airlines stores , SriLankan Airlines shall conduct a quality and quantity inspection of the same and shall accept the Service/solution at the locations once commissioning and training is completed and other required

items/Service/solution specified in Schedule A are handed over by the contractor. If there is a discrepancy in quantity received and quantity indicated in invoice, UL will inform same to vendor within 5 working days of receipt of shipment to stores.

- 2.6 Upon the acceptance of the Service/solution by SriLankan Airlines, the Service/solution shall become and remain the property of SriLankan Airlines. Notwithstanding that title in whole or in part of the Service/solution may have passed to SriLankan Airlines pursuant to Clause 2.7, the Contractor shall remain and be responsible to SriLankan Airlines to make good any loss or damage to such Service/solution due to any act or negligence on the part of the Contractor or Contractor's Representatives; or arising from any incident whatsoever from the commencement of this Agreement until the Service/solution are handed over to SriLankan Airlines at the port of destination, Colombo and accepted by SriLankan Airlines.
- 2.7 Nothing in this Agreement shall prevent SriLankan Airlines from sourcing similar Service/solution or any other Service/solution or services from any third party on whatsoever basis during the period of the Agreement.
- 2.8 In the event SriLankan Airlines in its opinion decide that the Service/solution are not in accordance to the requirements and specifications set forth under this Agreement, SriLankan Airlines shall have the right to reject the Service/solution and:
- (i) refrain from making any payments pursuant to such Order made in respect of such Service/solution ; and
 - (ii) either replace the rejected Service/solution with Service/solution meeting the specifications required under this Agreement free of any costs to SriLankan Airlines; or
 - (iii) obtain substitute Service/solution for the rejected Service/solution and the Contractor shall reimburse to SriLankan Airlines all costs incurred by SriLankan Airlines in respect of same.

3. INVOICING & PAYMENT:

- 3.1 The Contractor shall provide the Service/solution at the rates assigned to each category as described in Schedule C hereto.
- 3.2 The Contractor shall not increase the rates, charges or any other prices set out in this Agreement during the period of this Agreement.
- 3.3 Subject to Clause, SriLankan Airlines will settle the invoices submitted by the Contractor for Service/solution under this Agreement within days from the date of Commissioning and Acceptance in Annex The invoice will be raised at the time of departure of the Service/solution from the warehouse of the Contractor. A copy of invoice will be emailed to SriLankan Airlines at the time, the invoice is raised.
- 3.4 SriLankan Airlines shall inform any dispute on any invoice within 5 working days of receipt of the invoice from the Contractor and proceed to settle the undisputed amount within the payment period referred to in Clause hereof. The Parties shall endeavor to resolve the dispute on the invoice amicably within 30 days of notification or any other period mutually agreed and where the Parties fail to resolve the dispute amicably, Parties shall resort to the dispute resolution mechanism provided in this Agreement as a mean to resolve the dispute. If the dispute is resolved in the Contractor's favour, the amount payable to the Contractor shall be payable within fourteen (14) days of the resolution of the dispute.

- 3.5 SriLankan Airlines shall be entitled to withhold any payments due to the Contractor under this Agreement and any sums of money required to be withheld by SriLankan Airlines under any law or regulation for the time being in force and/or pursuant to this Agreement.

- 4.2 SriLankan Airlines shall indemnify and hold harmless the Contractor free and clear from and against any and all losses, costs, expenses, claims, damages and liabilities that may arise pursuant to the death or injury of a worker of the Contractor or damage to the Contractor's (or its workers) property caused by SriLankan Airlines' negligence or willful misconduct.

5. INSURANCE:

- 5.1 The Contractor shall, without prejudice to its obligations under Clause 5.1 and as a condition precedent to this Agreement, at its own cost secure policies of insurance as described below, acceptable to SriLankan Airlines which shall be kept current throughout the term of this Agreement. These insurances will include but not limited to;

- a) Workmen's Compensation Insurance or employer's liability insurance for all employees of the contractor or their representatives involved with performance of this contract. The policy shall include extensions for riot and terrorism.

5.2 Such insurances as aforementioned incorporate the following provisions in respect of liability assumed by the Contractor under this Agreement (unless otherwise specified by SriLankan Airlines):

- a) Name SriLankan Airlines, its successors and assigns, directors, officers, servants, employees, agents and contractors as additional assureds.
- b) A severability of interest clause, where the insurances (except with regard to the limits of liability) will operate in all respects as if there were a separate policy covering each assured.
- c) Confirm that such insurances shall be primary without right of contribution from any other insurance carried by SriLankan Airlines.
- d) Provide that the cover afforded to SriLankan Airlines shall not be invalidated by act or omission by the Contractor or by any other person and shall remain valid regardless of any breach or violation by the Contractor or any other person of any warranty, declaration or condition contained in such insurances.
- e) The Insurer (of the insurances) will provide 15 days prior written notice to SriLankan Airlines of any material change of the insurances affected pursuant to this Clause.

5.3 The Contractor shall also within 15 days of the execution of this Agreement and at each consequent renewal (or renewal of insurances whichever shall occur first) produce an Insurance Policy/Certificate/Endorsement evidencing coverage as per the requirements of Clause 5.1.

5.4 In the event the Contractor defaults and/or fails to comply with any of its obligations under this Clause, SriLankan Airlines may (without prejudice to any other remedy available under this Agreement) pay any premiums that may remain due and unpaid provided that SriLankan Airlines shall be entitled to deduct or charge the Contractor any such amounts expended by it to pay such aforementioned unpaid premiums.

5.5 The insurance coverage required by Clause 5.1 and 5.2 shall at all times be valid and adequate to meet all the obligations set out above and any other obligations required by law. Failure to maintain insurance coverage to the required level will be considered by SriLankan Airlines as a fundamental breach of this Agreement.

6. NON-COMPLIANCE:

6.1 In the event of the non-compliance or breach by the Contractor of any of its obligations contained in this Agreement, SriLankan Airlines may at its discretion, without prejudice to any of its rights under this Agreement:

- a) Terminate this Agreement as per Clause 7 below:
- b) Charge the Contractor liquidated damages at the rate specified in Schedule C of the estimated amount of the monies payable for the relevant Service/solution for the relevant period of non-compliance or breach; and/or

- c) Obtain the Service/solution from another contractor provided however, that in the event any money is expended by SriLankan Airlines on account of the Contractor's non-compliance or breach of its duties, such said expenditure shall be re-charged to the Contractor.

The Contractor shall in the aforementioned instances make good the irregularity, breach and/or lapse as soon as possible to the satisfaction of SriLankan Airlines and shall reimburse SriLankan Airlines any expenses incurred by it in such said instances.

7. TERM & TERMINATION:

- 7.1 This Agreement shall be valid for a period of ___ years commencing from _____ until _____ unless terminated earlier and shall automatically stand terminated upon the expiry of the Agreement. Notwithstanding the above, the Parties may extend the Term of this Agreement upon the expiry of the Term for a further period of 1 year by written mutual agreement on the same terms and conditions of this Agreement; provided however that such extension shall be subject to the Contractor's satisfactory performance of the Agreement decided at the sole discretion of SriLankan Airlines.
- 7.2 Notwithstanding Clause 7.1, SriLankan Airlines may terminate this Agreement at any time, without assigning any reasons whatsoever, by giving the Contractor 90 days' written notice of termination without any liability to pay compensation and such termination shall take effect on the expiry of the said 90 days' notice period.
- 7.3 SriLankan Airlines may terminate this Agreement forthwith in writing in the event the Contractor does not:
 - a) provide the Service/solution at the time, manner and/or to the specifications/ quality required by SriLankan Airlines pursuant to this Agreement;
 - b) comply with the requirements and/or notices of SriLankan Airlines; and/or
 - c) Perform, fails or is failing in the performance of any of its obligations under this Agreement.
- 7.4 Subject to Clause 7.3 hereof, either party shall have the right to terminate this Agreement forthwith at any time by giving written notice to the other upon the happening of any of the following events:
 - a) if the other party is in breach of any of the terms or conditions of this Agreement and fails to rectify same within 30 days of the written notice of the breach to the defaulting party or immediately if the breach is incapable of remedy;
 - b) if the other party enters into liquidation whether compulsory or voluntary (otherwise than for the purpose of amalgamation or reconstruction) or compounds with or enters into a scheme of arrangement for the benefit of its creditors or has a receiver appointed of all or any part of its assets or takes or suffers any similar action in consequence of debt; and/or
 - d) if the other party shall cease substantially to carry on trade or shall threaten to cease substantially to carry on trade.
 - e) Disruption to the performance of the Agreement for a period of more than 60 days due to force majeure event.
- 7.5 Expiration or termination of this Agreement pursuant to the provisions of this Clause shall be without prejudice to the accrued rights and liabilities of either party.

- 7.6 On termination of this Agreement the Contractor shall only be entitled to receive the payment of monies (less any monies as SriLankan Airlines is entitled to deduct/set-off under this Agreement) for Service/solution duly provided in accordance with the terms of this Agreement. The Contractor shall not be entitled to any further costs, remuneration consequential or special damages, loss of profits or revenue claimed to have been suffered by the Contractor (including its agents, employees and representatives) as a result of this Agreement.
- 7.7 In the event SriLankan Airlines terminates this Agreement in whole or in part, pursuant to 7.3 a), b) or c) of the Agreement, SriLankan Airlines may procure upon such terms and in such manner as it deems appropriate, Service/solution, as the case may be, similar to those undelivered under the Agreement, and the Contractor shall be liable to SriLankan Airlines for any excess costs for such similar Service/solution procured by SriLankan Airlines. However, the Contractor shall continue performance of the Agreement to the extent not terminated herein.

8. BANK GUARANTEE:

- 8.1 Upon the execution of this Agreement, the Contractor shall furnish SriLankan Airlines a bank guarantee for the sum as set forth under Clause 2.1 of Schedule C, as an irrevocable and unconditional bank guarantee drawable on demand in Sri Lanka from a bank acceptable to SriLankan Airlines, in a form and substance satisfactory to SriLankan Airlines as security for the due and proper performance by the Contractor of its obligations under this Agreement. All applicable bank charges (including any charges at the time of encashment) on such bank guarantee shall be borne by the Contractor). The said bank guarantee shall remain in force for the duration of this Agreement and 90 days thereafter.
- 8.2 The proceeds of the Bank Guarantee shall be payable to SriLankan Airlines as compensation for any loss resulting from the Contractor's failure to complete its obligations under the Agreement.
- 8.3 The Bank Guarantee will be discharged by SriLankan Airlines and returned to the Contractor within 90 days of the expiry of this Agreement or within 90 days following the date of completion of Contractor's obligations under the Agreement, whichever is later, less monies due to SriLankan Airlines and/or as SriLankan Airlines is entitled to deduct/set-off under this Agreement.
- 8.4 In the event, that the Contractor fails to pay any monies due to SriLankan Airlines (or any part thereof) as and when the same become payable under this Agreement, SriLankan Airlines shall be entitled to adjust or deduct any monies due to SriLankan Airlines from the Bank Guarantee accordingly. In the event of an adjustment or deduction of the Bank Guarantee by SriLankan Airlines against any sums due from the Contractor, the Contractor shall immediately submit to SriLankan Airlines the amount adjusted or deducted by SriLankan Airlines and restore the Bank Guarantee to its original amount.
- 8.5 SriLankan Airlines shall not make any payments under this Agreement to the Contractor until SriLankan Airlines has received the Bank Guarantee as stipulated under Clause 8 hereof.
- 8.6 SriLankan Airlines' rights with respect to the Bank Guarantee shall be in addition to any other rights or remedies available to SriLankan Airlines.

9. GOVERNING LAW:

- 9.1 This Agreement shall be governed by the laws of Sri Lanka and subject to the jurisdiction of the courts in Sri Lanka.

10. FORCE MAJEURE:

- 10.1 In the event that either party shall be wholly or partly unable to carry out its obligations under this Agreement by reasons or causes beyond its control, including by way of illustration Acts of God or the public enemy, fire, floods, explosions, epidemics, insurrection, riots or other civil commotion, war, Government order or by any other cause (excluding, however, strikes, lockouts or other labour troubles), which it could not be reasonably be expected to foresee or avoid, then the performance of its obligations in so far as they are affected by such cause shall be excused during the continuance of any inability so caused. Such cause(s) shall however as far as possible be remedied by the affected party with all reasonable dispatch.
- 10.2 Notwithstanding the above each party shall give the other as soon as possible notice of the occurrence or imminent occurrence of an event as indicated above and where such notice is given verbally it shall be followed immediately in writing.
- 10.3 In the event the force majeure event relates to delivery of Service/solution by the Contractor, unless otherwise directed by SriLankan Airlines in writing, the Contractor shall continue to perform its obligations under the Agreement as far as is reasonable and practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event. In case of delays in the completion of delivery in accordance to the time schedule as specified in the respective Purchase Order(s) due to any of the force majeure event mentioned above, the time schedule for the delivery of Service/solution shall be extended accordingly.

11. GENERAL:

- 11.1 This Agreement shall constitute the entire agreement and understanding of the parties and shall supersede all prior agreements, whether written or oral between the parties hereto concerning the subject matter hereof.
- 11.2 In the event of a conflict between this Agreement and its Schedules, the Schedules shall take precedence over this Agreement in respect of the subject matter thereof. In the event of a discrepancy between Purchase Order and the Agreement, the Purchase Order will take precedence over this Agreement in respect of the subject matter thereof.
- 11.3 In the event that either party shall be rendered wholly or partly unable to carry out its obligations under this Agreement as a result of strikes, lockouts and labour troubles, then such party so incapacitated shall compensate such other for damage and/or loss suffered by such other as a result of such strike, lockout or labour trouble.
- 11.4 At all times the Contractor (together with its workers) will be deemed to be an independent contractor and shall not under any circumstances be considered an employee, representative or agent of SriLankan Airlines.
- 11.5 The right and remedies of SriLankan Airlines against the Contractor for the breach of any condition and for obligations undertaken by the Contractor under this Agreement shall not be prejudiced or deemed to be waived by reason of any indulgence or forbearance of SriLankan Airlines.
- 11.6 Nothing in this Agreement shall prevent SriLankan Airlines from availing itself of any remedies provided under the general law in addition to the remedies stipulated in this Agreement.
- 11.7 Except to the extent as amended under the Purchase Order(s), this Agreement shall not be varied or modified otherwise than by an instrument in writing of even date herewith or subsequent hereto

executed by or on behalf of SriLankan Airlines and the Contractor by its duly authorized representatives.

- 11.8 If any provision of this Agreement should become or be adjudged invalid or unenforceable for any reason whatsoever, such invalidity or unenforceability shall not affect any other part of this Agreement and all other provisions shall remain valid and in full force and effect.
- 11.9 The titles to the clauses in the Agreement are for convenience of reference only and do not form part of this Agreement and shall not in any way affect the interpretation thereof.
- 11.10 SriLankan Airlines does not grant the Contractor any right, title or interest in any of its designs, labels, know-how, trade names, trademarks, service marks, logos and other distinctive brand features or business identifiers, logo, copyright or any other intellectual property rights of SriLankan Airlines ("Intellectual Property Rights") except as expressly authorized in writing by SriLankan Airlines and the Contractor shall not have any right, title or interest in the said Intellectual Property Rights of SriLankan Airlines other than the right to use it for purposes of this Agreement for the Term hereof only with the express written consent of the SriLankan Airlines.
- 11.11 The Contractor shall not issue any press release or other public announcement related to this Agreement, written or oral, without the prior written consent of SriLankan Airlines, except as required by law or a court order. For avoidance of any doubt, the Contractor shall not make, give or issue any press release or other press activity involving or referring to SriLankan Airlines or any of its affiliates or their services or operations, without SriLankan Airlines prior written approval.
- 11.12 The Contractor expressly assures and warrants that it has all the necessary approvals, authorizations and licenses to enter into this Agreement and to provide the Service/solution envisaged under this Agreement.
- 11.13 Any notice or other communication required or authorized by this Agreement to be served or given by either party to the other shall be deemed to have been duly served or given if in writing and
- (a) left at or sent by prepaid registered post to the last known place of business of that; or
 - (b) sent by fax or e-mail to such place of business and confirmed by prepaid registered post, similarly addressed, within 24 hours of the dispatch of such fax or e-mail.

12. SERVICE LEVELS AND OTHERS

Fault severity will be categorized based on the extent to which the fault affects the smooth operation of mission critical business applications. The severity level (1, 2 or 3) will be identified by IT Service Desk (ITSD) of SLAIT when the fault call is reported to the vendor. The target service levels will depend on the severity level. This SLA incorporating service level targets as mentioned here is a mandatory requirement for the contract execution.

4.2 Fault severity and resolution times

Severity 1: Target time for resolution = within 2 Hrs

Severity 2: Target time for resolution = within 4 Hrs

Severity 3: Target time for resolution = within 8 Hrs

Fault escalation and notification procedure

4.2.1	Reporting window	Response time	Resolution time
Severity 1	24 x 7	5 min	2 Hour
System malfunction, performance degrade, a complete failure of critical system with no temporary workaround	If no response within Response time, notification as follows: - The vendor: TBD - SLAIT: TBD		If no resolution within Resolution time, notification as follows: - The vendor: TBD - SLAIT: TBD

4.2.2	Reporting Window	Response time	Resolution time
Severity 2	24 x 7	10 min	4 Hour
A partial failure with a temporary workaround is available	If not resolved within resolution time, notification as follows: - The vendor: TBD - SLAIT: TBD		

4.2.3	Reporting Window	Response time	Resolution time
Severity 3	24 x 7	15 min	8 Hours
Other issues	If not resolved within resolution time, notification as follows: - The vendor: TBD - SLAIT: TBD		

4.2.4	
99.95% Availability	99.99% measured over a calendar month on per server, on per devices externally connected to the server.

4.3 Service credit

In view of service not available as agreed within this SLA, the vendor shall incur the following service credits. The measurement will be based on occurrences and will be effected on a **monthly** basis. Service credits must be settled within 30 days.

4.3.1 Severity 1: US\$ 200/- per hour or part of it for the total duration exceeding resolution target

4.3.2 Severity 2: US\$ 50/- per hour or part of it for the total duration exceeding resolution target
